"The family has the mission to guard, reveal and communicate love." (St. John Paul II) *How does your family live out this mission? What have you done for your marriage today?* www.foryourmarriage.org

"And Jesus said to him, 'Go your way; your faith has made you well.' And immediately he received his sight and followed him on the way."
(Mark 10:52)

Faith is believing in something even though you may not be able to see it. Many think that miracles don't happen anymore. But if you focus on the positive, not the negative, focus on your blessings instead of your hardships, miracles will seem common and you will see God's active presence in your daily life.

Our school has been experiencing many of these little "miracles" since school started. Things that have seemed beyond reach have "all of a sudden" worked out. Many donors have provided exactly what the cafeteria was needing at that very moment. A student who has always struggled with math blurts, "I get it!!" Even an outlet for the walnuts that cover the pre-k play area has been found, so now someone can get good out of them instead of throwing them away. Mrs. Kiefer is a huge proponent of "positive, not negative" and "focus on blessings instead of hardships." It shows!!

October is Respect Life Month and the Month of the Holy Rosary
